**Statement Regarding the Chemical Spill in the Delaware River and the Impact to Water Supplies**

**Mount Laurel water has not been impacted and remains safe to consume.**

Due to the current situation occurring with the chemical spill in the Delaware River, water supplied to us (MLTMUA) by New Jersey American Water Company was shut off on Sunday afternoon. The water you are receiving in Mount Laurel Township is drawn from groundwater wells throughout Mount Laurel township and Willingboro. The Delaware River water is not a supply source at this time, therefore, there has been no impact to the water supplied by Mount Laurel Township Municipal Utilities Authority.
